Data Sources
Population data is show at the Census Block level from the 2010 Decennial Census. Household data is show at the Census Tract (neighborhood) level from the 2006-2011 American Community Survey (ACS).

The US Census defines a Household as all people occupying a housing unit regardless of relationship. A Family consists of two or more people related by birth, marriage, or adoption occupying a housing unit.

Trumbull GIS
Trumbull GIS is the Town of Trumbull, CT's Geographic Information System administered by the Engineering and Tax Assessor departments. Through Trumbull GIS, the town has created a comprehensive, townwide database of geospatial information to serve the citizens of Trumbull.

Aerial Photography was flown in April 2010, planimetric and elevation features were extracted during the remainder of 2010, and Tax Parcels were extracted from existing maps in early 2011.
